

HEIDI ELLIS

FULL-STACK DEVELOPER

Cape Town, South Africa | +27 64 861 2082 | heidi.ellis16@gmail.com

LinkedIn: [linkedin.com/in/heidi-ellis-011aa1264/](https://www.linkedin.com/in/heidi-ellis-011aa1264/) | GitHub: github.com/EllisHeidi | Portfolio: ellisheidi.github.io/Portfolio-Web/about.html

PROFESSIONAL SUMMARY

Full-Stack Developer with experience building and maintaining responsive web applications, production websites, backend services, APIs, database systems, and third-party integrations. Experienced across the full development lifecycle, from implementing interfaces from Figma designs through to backend development, database management, testing, debugging, and deployment. Currently working as an Intermediate Web Developer at revX, developing customer-facing and internal web solutions while working with CRM, analytics, automation, and API integrations. Previously contributed as a Full-Stack Developer and Second Lead on FyndIt, working across frontend and backend development, system architecture, technical problem-solving, and application deployment. Strong frontend foundation with HTML, CSS and JavaScript, complemented by experience with Node.js, Express.js, PostgreSQL, REST APIs, Git/GitHub, Shopify and automation platforms. Currently expanding skills in C# and German.

PROFESSIONAL EXPERIENCE

Intermediate Web Developer

revX - Full-time

Jul 2026 - Present (2 mos) | Stellenbosch, South Africa | Hybrid

- Develop and maintain customer-facing and internal websites and web applications.
