

HEIDI ELLIS

FULL-STACK DEVELOPER | WEB DEVELOPER

Cape Town, South Africa · Open to International Relocation · heidi.ellis16@gmail.com · +27 64 861 2082

LinkedIn: [linkedin.com/in/heidi-ellis-011aa1264/](https://www.linkedin.com/in/heidi-ellis-011aa1264/) · GitHub: github.com/EllisHeidi · Portfolio: https://ellisheidi.github.io/New_Portfolio/

PROFESSIONAL SUMMARY

Full-Stack & Web Developer with experience building and maintaining production websites and full-stack applications across client and personal projects. Skilled in developing responsive web experiences and working across frontend, backend, databases and third-party integrations. Strong focus on practical problem-solving, clean implementation and reliable delivery, with experience collaborating with designers, developers and stakeholders to turn requirements into working solutions.

PROFESSIONAL EXPERIENCE

Intermediate Web Developer

revX · Full-time · Jul 2026 – Present · Stellenbosch, South Africa · Hybrid

- Develop and maintain customer and internal websites used in production.
- Build responsive, production-ready pages from Figma designs and project requirements.
- Implement interactive UI components using modern HTML, CSS and JavaScript-based workflows.
- Improve website performance, accessibility, SEO and Core Web Vitals.
- Build and maintain integrations with CRMs, analytics platforms and automation tools including Zapier.
- Work closely with design, campaign and production teams to turn requirements into functional web experiences.
- Maintain and troubleshoot existing websites while delivering new features and updates.

Second Lead Full-Stack Developer

FyndIt · Contract / Client Project · Feb 2026 – Jul 2026 · South Africa · Remote

- Contributed to the development of FyndIt, a full-stack platform for discovering verified businesses across South Africa.
- Built the Browse Businesses experience from the ground up, including business discovery and map-based functionality.
- Developed frontend features across 20+ responsive pages with a focus on usability and accessibility.
- Contributed to the admin dashboard and vendor verification workflow.
- Implemented SEO management functionality across the application.
- Worked across Node.js, Express.js, PostgreSQL, REST APIs, Leaflet and OpenStreetMap.
- Created custom SVG-based analytics and interface components.
- Investigated backend issues, optimized functionality and helped deliver features through testing and deployment.
- Collaborated closely with another developer and project stakeholders throughout development.

Administrative Assistant — IT Focused

Cape Town Fire and Maintenance Services · Full-time · Jun 2026 – Jul 2026 · South Africa · Remote

- Set up and configured laptops, software and user accounts.
 - Provided Microsoft 365 administration and day-to-day technical support.
 - Developed and maintained Excel systems, reports and dashboards.
 - Troubleshoot technical issues and support users with practical solutions.
 - Helped improve internal processes and workflow efficiency.
-

SELECTED PROJECT

DeutschChat · AI-Powered German Language Learning Platform

- Designed and developed the application across frontend, backend and database layers.
- Built learning curriculum, vocabulary and learner-progress infrastructure.
- Implemented AI-powered German conversations, contextual word translation and correction functionality.
- Designed the database architecture with Supabase/PostgreSQL, authentication and row-level security.
- Deployed the application to Vercel with validation across TypeScript, ESLint, tests, production builds and database validation.

Activities & Societies: First Aid · Chess Girls A Team · Cross Country Running

HOW I WORK

Understand → Build → Test → Improve

I focus on understanding the problem first, building practical solutions, testing what I deliver and improving the result through feedback.

WHAT I BRING

Production experience

Websites and applications built for real use.

End-to-end thinking

Frontend, backend, database, integrations and deployment.

Team delivery

Collaboration with developers, designers and stakeholders.

ADDITIONAL EXPERIENCE

Dog Walker

Self Employed · Nov 2024 – Jul 2026 · Cape Town, Western Cape, South Africa

- Provided reliable, scheduled pet care for clients while managing responsibilities independently.
-

LANGUAGES

English — Fluent · Afrikaans — Fluent · German — A1 (currently learning)
